

February 13, 2009

Dear Randy Carter,

Thanks so much for coming and speaking to our youth for our winter retreat - it was so great having you there! You were really able to catch the attention of both our junior and senior high students and present truth to them in a relevant and inspirational way. We heard from many students that God used you to impact their hearts and to further their relationship with Jesus Christ. We really appreciated your challenge on baptism, and as a result we had a number of students baptized shortly after. One student even challenged her mom to get baptized and as a result she was baptized after putting it off for decades.

Thank you for being a part of the weekend as more than just the speaker! We were truly grateful that you not only came and spoke to us but you were available and willing to interact, play games and be with the students that were there.

You have a heart that challenges us all and we would completely and without hesitation recommend you to come and speak to any group. We believe that God has gifted you in many ways and would say you are one of the best youth speakers we have heard. Thanks for your obedience and willingness for God to use you. It was truly a blast spending that weekend with you!

Sincerely,

RockPointe Church Youth Staff
